Name:

I am with the Pennsylvania Builders Association

I wanted to speak to you about our Endorsed Trade Program and possibly set a meeting to discuss details and how to apply to the program.

We have 29 schools involved in our program across the commonwealth. All construction programs are eligible like Carpentry, Masonry, Electrical, Painting and Decorating and HVAC to name a few.

Some Benefits include:

- Students who qualify will receive an *Industry Recognized Certification* from PBA. They must score competent or advanced on the NOCTI.
- The thing we are most proud of is the relationships we have built between our schools and local builders. Our builders can work with students and instructors through the engagement of these individuals. We frequently serve as OAC members, NOCTI proctors, quest speakers and we often speak at career fairs.
- Students also work outside the classroom with local builders at builder home shows, community projects and other builder activities.
- We offer grants and other money awards.
- And many other benefits

PBA is the unified voice for the home building industry and the housing consumer. We have 30 local associations across the commonwealth with more than 4,000 members.

I would like to set up a meeting with you to discuss this opportunity further. What would be a good time and date to do this?
